Govt. of India

Bioinformatics Workshop

March 8-9, 2018

Sponsored : Department of
Biotechnology, Govt. of India

Bioinformatics Centre
Advanced Centre for Treatment, Research and
Education in Cancer (ACTREC)
Kharghar, Navi Mumbai

The ACTREC is the state-of-the-art R&D satellite of the Tata Memorial Centre (TMC). TMC is an autonomous grant-in-aid institution of the Department of Atomic Energy (DAE), Government of India. ACTREC comprises of 2 arms - one for basic research arm is "Cancer Research Institute (CRI)" and another for clinical research is "Clinical Research Centre (CRC)".

Topics

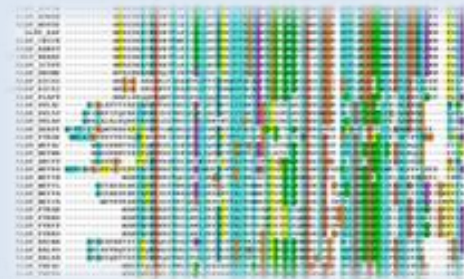

- Structural Bioinformatics
- Molecular Modelling & Drug Design
- Next-Gen-Sequencing data analysis
- Basic applications in Proteomics
- Biological Databases & Sequence Analysis

Registration fee

Academic Institutions: ₹ 900

Industry: ₹ 1800

Registration Fees need to be **paid in cash/ by DD** (in favour of Director, ACTREC)

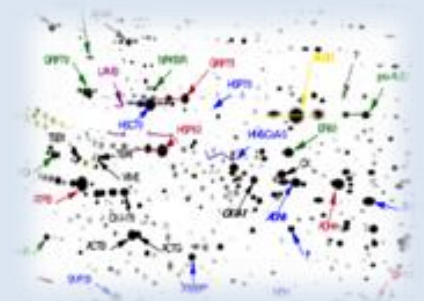

Eligibility and enrolment

Working professional with Post M.Sc. / Ph.D. students / Research scientists / Academic faculty

1. Download the application form www.actrec.gov.in
2. Send to btis@actrec.gov.in by **February 19, 2018**

General Informations

- Workshop material, breakfast and lunch will be provided
- Paid accommodation will be provided in ACTREC guest house.
- TA / DA will not be paid to any participant.
- Selected applicants will intimated on **February 22nd, 2018**

Patron :
Prof. S. V. Chiplunkar - Director, ACTREC

Organizers:
Dr. Ashok Varma – Coordinator , Bioinformatics
Mr. Nikhil Gadewal – SO 'E', Bioinformatics

Address: ACTREC, Tata Memorial Centre, Sector 22,
Kharghar, Navi Mumbai - 410210
