Dear Members,

MIG is happy to announce the first "Flow Cytometry Workshop" to be held in collaboration with BD Biosciences, India at ACTREC, TMC, Navi Mumbai. The workshop will be held on June 30th and July 1st, 2011. The objective of workshop is to understand importance of Flow Cytometry as an indispensible tool in basic and clinical research. This workshop is first of the series, where postgraduate teachers and limited number of students would get an opportunity to learn applications of Flow Cytometry.

The workshop will amalgamate lectures and tutorials and also provide an opportunity to have hands-on-experience with the technique. The workshop course will cover basic instrumentation (Lasers, Optics, Fluidics, Electronics and Data processing), sample preparation for cell cycle analysis, Immunophenotyping using single and dual color staining, DNA ploidy analysis and two way cell sorting. These techniques will be demonstrated on FACSCalibur and FACSAria Flow Cytometers. The participants would get an opportunity to study modes of acquisition and analysis using CellQuest Pro, ModFit and FACSDiva softwares.

The faculty for this workshop comprises of experts in the field of Immunology and Flow Cytometry.

We look forward to your active participation in the event.

MIG

Secretary, MIG

Information for participants

- Participants should be life members of MIG
- 35 participants will be selected
- Completed registration form along with one page CV to be sent to secretary, MIG
- Selection of Participants will be on first come first serve basis

Registration fee

Cheque of Rs. 2000/- should be made payable to "Mumbai Immunology Group".

The registration fee will cover participation in the lecture/tutorials and wet workshop. The participants will receive a copy of the Lab Manual and certificate of participation. Lunch and tea will be served during workshop.

Deadlines

Last date for receiving registration June 15th, 2011 form along with one page CV

Intimation to selected participants

June 17th, 2011
