The Advanced Centre for Treatment, Research and Education in Cancer (ACTREC), is the R&D wing of the Tata Memorial Centre (TMC, Parel, Mumbai). TMC is an autonomous Grant-In-Aid Institute of the Department of Atomic Energy, Government of India. TMC is affiliated to Homi Bhabha National Institute (HBNI) for its academic program in Health and Life Sciences.

Established in 2002 at the foothills of Sahyadri Mountains in Kharghar, Navi Mumbai, ACTREC comprises three units: the CRI (Cancer Research Institute), the CRC (Clinical Research Centre), and the CCE (Centre for Cancer Epidemiology). As envisioned by its founding father, Prof. V.R. Khanolkar, who built the erstwhile Indian Cancer Research Centre (ICRC), the mandate of ACTREC is to conduct basic and translational research that contributes to our understanding of cancer as a disease, elucidate its nature, and so to devise means for preventing and curing it. Therefore, ACTREC, as a Research Institute, is unique in India and provides a vibrant, multidisciplinary environment with an excellent opportunity to work in close association with oncologists.

ACTREC now invites applications from motivated candidates for an Independent Faculty Position as Scientific Officer 'E' in the area of **Cancer Biology**.

Candidates with an excellent track record and experience in cancer biology with a research focus on understanding the mechanisms underlying the hallmarks of cancer.
